Umbrella and Red Pikmin

by MiaQc

Summary

Cute microfic. Umbrella finds a red pikmin.

- A translation of Umbrella et Pikmin Rouge by MiaQc

Strange one-leaf stems appeared in the royal garden. I pulled one out of the ground and was startled to see a little red creature. It's so cute! The other stems must be their brothers and sisters. I wonder what its name is? Anyway, I've got to show it to Parasoul.
